

DAMEN MODULAR PONTOON 3617

"RN 12781"

GENERAL

Ref. number	12781
Basic functions	The twenty-two Damen Modular Barges can be coupled together to any pontoon as customers needs, for example a pontoon of 36 meters long and 17 meters wide. The pontoon is built in steel to standard design.
Description	The Damen Modular Barges are container sized units. These container sized units can be coupled together in the water with a specially designed coupling system, called the Damen Link. Because of this modular system, the entire combination can be transported by ship, truck or train to her final place of destination and assembled locally.
